This resource book includes everything that a special school needs to manage bereavements sensitively and effectively. The book covers the following areas: bereavement policies and procedures, an appropriate curriculum (including the issues of life, death and loss), how to inform the school community of the death, how to support pupils and staff with the loss, plus activities and resources to support pupils with their grief. There is also an extensive appendix with template documents for schools to use: draft letters, policies, procedures, curriculum and lesson ideas.
